ARTIST PROFILE

B. Ankha is a Bronx-bred R&B singer and songwriter whose voice blends classic soul with the pulse of hip hop's hometown. She wrote her first song, "My Music," at 13, and every lyric in her catalog is hers. Her signature single "Shift" broke through after its On The Radar debut, and her 2025 EP *Heard U: Bloom Season* established her as one of the Bronx's rising R&B voices. A two-time award winner, she has performed at SOB's and the Daze Summit while connecting daily with a growing audience through covers and original music.
